Information

I have used Scheepjes Catona, all measurements in this pattern is for my mandala, made with my gauge. Each person has their own gauge, it depends on how loosely or firm you crochet. I can't tell exactly how much yarn that's required for you to make the Unicorn Mandala.

Yarn: Scheepjes Catona, color-pack Unicorn that you can buy at Favoritgarner
Hook-size: 3 mm
Size: appr 72 cm

Colorscheme (in order of appearance in the pattern)

Your color	Unicorn	Skeins
	520	1
	519	2
	106	2
	385	1
	173	1
	238	1
	403	1
	172	1

Good to know

- I will not tell you which color to use on each round. The one thing you have to consider is that I have 2 skeins each of my colors 106 and 519, 1 skein each of the other 6 colors. <u>Make sure</u> you use the colors that you have 2 skeins of on the same rounds as I.

- At the end of some rounds there's information written in *blue and italics between !! - !!*. Read that information <u>before</u> you crochet the round because it's information that can help you.

- After each round (if necessary) I specify which stitch to begin in. If you use Catona please read the instruction written in pink. If you use Whirl please read the instruction written in purple.

- The rounds where you change colors the color-number to use is written *with italics in ()*. If nothing is written, continue with the same color as previous round.

- Each round that begins with a new color, the first stitch is made as a standing stitch.

- Instructions between () in a round means that the instructions between () is made in the same stitch/chain space.

- Instructions between *-* is repeated around or the number of times specified.
